Irakli Oboladze

React.js Developer

Gamarjoba! I'm Irakli, a dedicated Frontend engineer with 3 Years of experience. I've honed my skills to craft intuitive and responsive UIs, ensuring that every interaction feels seamless and meaningful. Balancing design aesthetics with functionality is my forte. With a keen eye for detail and a commitment to excellence, I'm passionate about delivering optimal user experiences. Let's collaborate and elevate your digital presence to the next level.
